Local Ham Club Has 10 Members In Fall Class

(by VE 6 AFJ)

The Vulcan County Amateur Radio Club with its own station now on the air, is well along in fall class work and has 10 new members, all hoping to be ready to write exams in the Christmas holiday period.

Classes are in theory, by VE 6 DW (Doug) and in law and regulations by VE 6 AFJ (Gene) while code practice is in the capable hands of VE 6 AHD (Ross) and VE 6 AAS (Claire).

Although the club now has over 30 members any one over the age of 16 years is welcome to join and will receive assistance which will help him or her to obtain a license. Visitors are welcome.

The objective of the Ham Radio operators is to promote friendship and assistance in the hobby and most hams are members of Emergency Nets and stand ready to assist at any time in the case of an emergency.

In amateur radio the word "Traffic" is applied to radio messages sent or received and amateur stations are permitted to handle "Third party Traffic." These are messages written by a third party and must be of a social nature sent by friends, relatives and acquaintances of the addressee, and which would not ordinarily be sent over commercial routes.

As for those unfortunate wives of the ham radio club members, don't object to his hobby too much, at least you know where he is at night.

This club meets every Thursday night at 8:00 p.m., in the basement of the Civil Defence Headquarters in Vulcan.

Art Classes Begin Next Tuesday

Vulcan Community Art Classes are to be held again this year beginning on Tuesday, Oct. 2.

The classes are under the instruction of Professor Wuolfarth, assistant professor of Arts at the University in Edmonton, who has conducted groups in Vulcan for six years and those taking the course will meet in the Anglican Church basement at 7:45 p.m.

An invitation is extended to anyone interested in painting and drawing to attend. There is no age limit and students fees are half price.

Two Year Terms Given

Thievery, Auto Infractions Highlight Police Report

The months of July and August saw 74 complaints by citizens investigated by town police of which 13 went to court and were heard by Magistrate W. A. Shields.

Most serious of the charges resulted in the apprehension of a transient, Ernest G. Smith, who drew two years in jail for theft, six months for taking money on false pretenses and a further six months on a forgery count. Target for Smith's thievery was a local garage where he lifted auto parts and tools. These were later recovered.

Another 2-year term was given in another theft case when A. Larratt of no fixed abode was caught in this district.

Nine of the 13 cases before court were tied in with speeding charges or impaired driving convictions.

A boy who fired 13 BB shots through the plate glass window of the former Beaver Lumber office building was apprehended as was a 14-year-old boy in the act of shoplifting in a local hardware. Restitution was made in the latter case.

Three accident cases involving damages of over \$100 were investigated by local police and charges were laid in two instances.

Immunization Week Hits Communicable Diseases

The following release has been received from the Foothills Health Unit headquarters at High River and deals with National Immunization Week being held this week.

This is the 20th consecutive year in which National Immunization Week has been observed in Canada. This annual event is designed to call public attention to the fact that there are communicable diseases which may be prevented by immunization. The most outstanding of these diseases are: Smallpox, Diphtheria, Whooping Cough, Tetanus and Poliomyelitis.

Smallpox:— Until the recent case was introduced from Brazil, there had not been a single case of this dread disease in Canada since 1946. Too many Canadians are not vaccinated or a time lapse has occurred, since their vaccination.

Diphtheria:— In 1959 there was not a single death from diphtheria in the whole of Canada for the first time in history. Eternal vigilance is proven by the fact that in 1961 there were 93 cases and five deaths.

Polio:— This crippling disease has shown a rapid decline with the advent of Salk vaccine, but nevertheless there were 909 cases in Canada in 1960 with 83 deaths. Too few adults have availed themselves of the protection.

Adult protection:— Adults need protection against Tetanus, Smallpox and Poliomyelitis. Few adults, except those who have served in the armed forces or worked in special industry, have had Tetanus toxoid. To maintain immunity

ports concerns Jane Wyley who found a \$20 bill and dutifully turned it over to police. A two-month waiting period ensued for a finder to show up — none did so the young lady received the money.

A total of 23 residences were inspected this summer while occupants were on holidays. Police are happy by the numbers soliciting their help as it gives them clear knowledge of whether or not there should be activity in or around the houses in question.

It costs about 50 per cent more to drive at 80 miles an hour than at 50, according to General Motors service engineers.

After a delicious lunch was served with Mrs. Olsen pouring tea, a most enjoyable evening was brought to a close.

The gifts were brought in on a gaily decorated float of leaves and

autumn colored streamers portraying a miniature bride doll at the top. Miss Carol Fitzpatrick and Master Scott Snow dressed as bride and groom presented Sandra with these gifts and helped her with the unwrapping. Miss Snow very suitably thanked those present for their gifts and a special thanks was given to the two hostesses. The bride-to-be then taped the many colored bows to a paper plate and modelled the new bonnet.

The 1962 graduating class of the Vulcan County High School was honored by teachers, parents, the student body and administrative officials last Friday afternoon in ceremonies in the high school auditorium. Called to the stage were honors students from Grades 9 to 12, bursary and scholarship winners and sports trophy winners, while each of the graduating class was presented with a bureau folder on which was the students' certificate and a photo of the school.

Top award of many given during the exercises was the matriculation shield which went to graduating student Lorraine Nowlin of Champion, whose average was 84 per cent. In second place with 78 per cent was Anne Jamison and following with 70 per cent averages were Marion Hames and Janneke Lievaart.

The D. D. McQueen Shield for the top Grade 11 student went to Jean Hess with 85 per cent. It was presented by County secretary Mr. McQueen. Mary Mumby whose average was 84.5 per cent also received an award.

In Grade 10 Shirley Markert won the Volsey shield for top marks with an average of 83.1 per cent. Town school board representative Guy Volsey presented the shield. Clarence Graff with an 83.09 average followed Miss Markert.

Grade 9 honors students were Nola Nelson who won the matriculation shield while Mike Burchak and Susie Robertson tied for second place. Vickie Wellman took third place.

V. Wellman, principal of Mossleigh school and with previous experience in various County schools was called on to present 1961 honors students from other points in the County with awards. Those students are Shirley Bloxham, Sandra Watson, Douglas Munin, Leslie Joyce-Green, Eric Hagedorn, Blaine Knapp, Elizabeth Wilson and John Cockwell.

Marion Hames was further honored when she received the Engineered Homes and Queen Elizabeth scholarships for further study.

Janneke Lievaart also received word of the winning of a four-year education bursary from Grand Lodge of Alberta, A.F. and A.M.

Mrs. Eunice LaRoche presented the Harry LaRoche Memorial Trophy to two students, Marion Nowlin and Leslie Perley who tied for the honor.

The address to the students was given by E. K. Hawkesworth, superintendent of County schools, who enlarged upon a theme "Education For What" by describing what the society of today's world expected of the graduates and what they should do to fill their contribution to society and in fulfillment of their own lives.

Mr. Hawkesworth said although there were a great many arguments as to what education should do for a student, generally he felt it should pass along to the younger generation several things society believes to be important. Education must develop the individual to the highest degree so he or she may give to society the best of their efforts.

In the first instance, the speaker said, society demands well trained men and women. 76 per cent of the unemployed in Canada today have less than grade 9 education and statistics show 14 per cent of those students who leave school before graduation are among the most promising. This was described as a great loss.

Secondly an educated person must be able to think through issues and single out the important from the unimportant features.

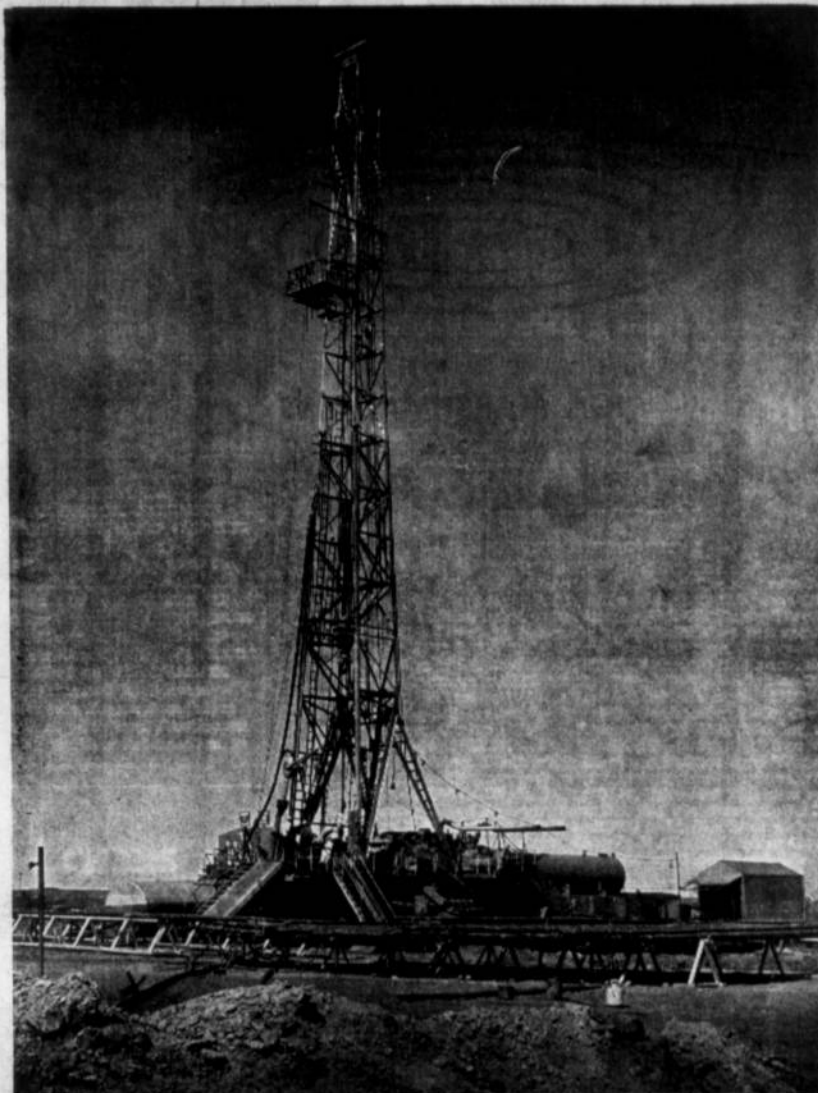

Finally, society need the person who can produce. The aid given to the underprivileged and handicapped is great, said Mr. Hawkesworth, but he condemned those who won't stand on their own feet and who are nothing but parasites reaping the fruit of other men's endeavor.

"In your job hunt, if your object is to see what you can get rather than what you can produce from a career, then you have

A demonstration of nature's underground power, aided by man's above-ground resources was given last weekend when Canacude Oil and Gas Company ran a series of tests at their new well site just south of Vulcan. During the tests the ground reverberation and sight of the huge flare were noticeable

for miles around. Canacude operators were taking flowing gas production tests from the Mississippi and Basal Blair formations. Production from these tests indicate a total well productivity of 23,500,000 cubic feet of gas per day from both formations.

While flowing at these rates, clean gas was being produced at a surface wellhead at a pressure of 1,350 pounds per square inch. Viewers can expect to see further tests to be run later this week.

September Meetings of County

Andrea Haworth Scholarship To Carmangay Girl

Eileen Hurnanen of Carmangay will be awarded the Andrew Haworth Scholarship this year, it was decided at the September meeting of the County of Vulcan School Committee. Miss Hurnanen had a good recommendation from the principal of the high school she attended at Lethbridge last year and this year will be continuing her education at the University of Alberta.

A Vulcan delegation protested the use of a basement classroom for a Grade 3 class at Vulcan Elementary School. It was pointed out that these classrooms had been in use for a number of years and were considered to meet all standard classroom requirements. The delegation was told that an inspection would be made by a competent authority. Since the meeting, the classroom in question and other basement classrooms have been inspected by the Medical Health Officer, Dr. Ellis, of the Foothills Health Unit, and his report states that this type of classroom is considered quite satisfactory.

Applications for County teaching bursaries this year were considered and the one for a boy was awarded to Dale Phillips of Milo. Awarding of the girl's bursary was deferred until the next meeting of the School Committee.

Requests that a wider variety of subjects be taught in Industrial Arts led to authority being given for the purchase of basic materials needed to introduce the teaching of Electricity in the Industrial Arts classes.

Minor deficiencies found in the new schools at Lomond and Carmangay were referred to the architect for immediate attention.

Approval Given For Airport Sub-division

Airport Sale Agreement

Approval of the sub-division of the airport to allow the sale of part of the recently acquired property to Klassen Construction Ltd. of Yorkton, Sask., has been given by the provincial planning commission. The sale agreement between the County and the Saskatchewan millwork and construction company was discussed. The County's solicitor, A. M. Brownlee, and the Klassen Co. solicitor are to confer soon regarding the final agreement and it was decided that this matter could be completed at the next county council meeting on Oct. 19, at which time Mr. Klassen and his solicitor would be present.

Lease Assessments

The date of the Court of Revision for hearing complaints against the assessment of leases on the Indian Reserve was confirmed — the date being Thursday, Sept. 27, at 10:00 a.m.

VICTOR OLAND

Victor Oland, Halifax, Nova Scotia, who has been elected President of The Canadian Chamber of Commerce at the national business organization's 33rd Annual Meeting in Vancouver, B.C., on Sept. 17, 18, 19. He was formerly first national vice-president.

Sr. Citizens' Night Set For Oct. 24

The Lionettes had the pleasant experience of visiting Hawaii via colored slides at the September meeting in the Vulcan Cafe Monday. Miss Marjorie Reath, guest entertainer for the evening commented as she showed the highlights of the trip she and her sister took six years ago. Her pictures, excellent in color and variety proved most enjoyable to all.

The baseball pool cards were discussed and the members were reminded this is the last week to sell the remaining tickets as the World Series starts next week. Lionette Bea Richardson requested that the completed cards be turned in to

her as soon as possible to enable her to type the names for display. Freda Jones and Rose Munro have sold their card on the final game and the scores are posted at Mitchell's Drugs, Montie's Barber Shop, The Fashionette and the I.G.A. Store.

Senior Citizens' Night, to be held Wednesday, Oct. 24, was discussed in length and the committees were organized. President Ruth Christensen expressed her gratitude to the members for their splendid co-operation and willingness to take part.

Lillian Deal, Lola Findlay and Ivy Fox will act as hostesses for the next meeting.

90% of all oil company product research in Canada

is done by Imperial

At Imperial Oil's laboratories at Sarnia, Ontario, more than 200 scientists and technicians are working to improve present petroleum products—and to develop new ones. Their research covers many fields, from gasolines to household detergents.

Another 130 scientists and technicians are working at Imperial's Calgary laboratories on ways to find and produce more Canadian crude oil and natural gas. Imperial does more research than all other oil companies in Canada combined.

Every barrel of crude oil contains some of the sun's heat. Imperial research works to unlock more of this energy. After five years' intensive research, Imperial found a chemical additive which makes more heating oil available from Canadian crude oil. One important result: less oil imported to heat Canadian homes.

District News

HERRONTON FARROW

Telephone lines were very badly damaged by the heavy wet snow storm and a crew of over 50 local farmers worked all one day and a smaller crew worked for several days before the three Herronton lines were in working order. The power was off from shortly after nine in the morning until after five in the afternoon.

The school issue has been settled for the time being with the pupils including Grade nine going to Mossleigh and Brant and the high school, excepting three pupils, are going to Blackie. Jimmy and Marilyn Sewell go to Blackie elementary and Bob and Gary Beagle and Norma Nelson go to Vulcan. Beginners going to Brant include Evelyn McNiven and Ronnie Swartz, going to Mossleigh are Brad Meadows, Mark Green, Shirley Beagle, Cindy Malmberg and George Green.

Eugene Tarasoff is now home from the Crippled Children's Hospital but will not be attending school for a time.

Pink and white streamers decorated the Herronton Hall where a pretty shower was held in honor of Lynn Green. About 70 ladies brought many lovely and useful gifts which were presented by Mrs. Mac Switzer and wheeled in on a grocery cart by Marilyn Sewell. Lynn was assisted in opening her gift by her mother, Mrs. John Green and by her sister Dorothy.

Get well wishes go out to Ivor Swanson who is a patient in the High River Hospital.

Rev. Charles McNutt conducted baptismal services at the Farrow United Church where Ronald Wayne, son of Mr. and Mrs. Alvan McWilliam of Claresholm and John Edward, son of Mr. and Mrs. Harold Tressidor were received.

Mrs. Ruth Grant of Red Deer was a recent visitor at the Carl Steiner home.

Harvesting operations have been nearly completed in this area excepting for a few late fields of flax. Yields varied greatly because

of the spotty rainfall this year, but an average would be, for wheat, 15 bus.; barley, 20 bus., and oats, 30 bus.

RALLY DAY

Sept. 23 was Rally Day at the Farrow United Church with several of the children taking part in the services. Barry Bennett and Randy Steiner read the scripture reading; Marlene Tressidor read the story and a chorus was sung by Primary Sunday School Class.

In the absence of the superintendent, Mr. McNiven, Mrs. George Randle presented promotion cards to the following: From Beginner to Primary Class, Brad Meadows, Shirley Beagle and Evelyn McNiven; from Primary to Junior Class, Marilyn Meadows, Karen Randle, Frances Randle, Judy Steiner, Wendy Weber, Linda Percival and Harvey McNiven; from Junior to Intermediate Class, Cheryl Randle, Janie Randle, Annie Koster, Murrel Westersund, Kenny Weber, Faye Swartz and Susan Switzer.

Why Not Yield Signs?

For the past four years we've been periodically suggesting that quite a few of the "Stop" signs in Vulcan could be replaced by "Yield" signs — a move that would please residents and visitors alike.

According to the Canadian Automobile Association, "yield" signs are a convenience to motorists and an aid to the more efficient movement of traffic. If traffic on a through street is obliged to change lanes or swerve to avoid a collision with a "yield" sign violator, the driver who entered the street through the "yield" sign is liable to prosecution and may be responsible for any damage incurred in a collision.

This would seem to give just as much protection as a "stop" sign, and yet would eliminate the necessity of a motorist coming to a full stop when entering a through street on which there is no traffic in sight. True, there are some streets, even in a small town such as Vulcan, where "stop" signs are advisable because of vision being blocked by houses, hedges or other obstructions. But where vision is clear for a block or more in each direction, the necessity of making a complete stop when there is no reason for it nine times out of ten seems somewhat ridiculous.

The town's police department is familiar with the situation and could recommend the location of "yield" signs to replace present "stop" signs. All that seems to be necessary is for the police committee to order a few "yield" signs and have them erected in the proper locations. There would probably be fewer fines paid by unwary visitors but there would be a lot of goodwill gained.

TOWN OF VULCAN

By-law No. 433

A BY-LAW to provide for the establishment of a Municipal Library in the Town of Vulcan.

WHEREAS thirty-eight resident electors have petitioned the Council of the Town of Vulcan, praying for the establishment of a Municipal Library under the Libraries Act;

BE IT THEREFORE enacted by the Council of the Town of Vulcan that in case the assent of the electors is given to this by-law, a municipal library be established in this municipality in accordance with the provisions of the Libraries Act;

AND BE IT further enacted that the votes of the electors be taken on this by-law on Wednesday the seventeenth day of October 1962, commencing at ten o'clock in the forenoon and continuing until seven o'clock in the afternoon at the Town Office in Vulcan, with M. K. Sinclair as Returning Officer.

AND THAT on the tenth day of October next, at his office in the Town of Vulcan, at two o'clock in the afternoon, the mayor shall appoint in writing signed by him, two persons to attend at the final summing up of the votes by the returning officer, and one person to attend at the polling place on behalf of the persons interested in or desirous of opposing the passage of this by-law.

AND THAT the returning officer shall attend at the Town Office at the hour of seven o'clock in the afternoon on the seventeenth day of October 1962, to sum up the number of votes given respectively for and against the by-law.

THE ABOVE is a true copy of a proposed by-law which will be taken into consideration by the Council of the Town of Vulcan, and the polls for taking the votes of the electors will be held at the hour, day and place named in the by-law.

M. K. SINCLAIR,
Secretary-Treasurer.

CARD OF THANKS

We wish to express our sincere thanks to our many friends and neighbors for their many kindnesses, for cards, floral tributes and to those who helped in any way during our recent bereavement. Special thanks are extended to Dr. Hwozdecki and staff of the Carmangay Hospital for their wonderful care of Mr. Brownell during his illness.
—Irene Brownell and family, Carmangay.

We would like to express our sincere thanks and appreciation to our friends and neighbors for their visits, kindnesses and for their wonderful help in harvesting our crop, at the time of the car accident.
—Roy and Frances Burns, Carmangay. 9-1p

We would like to express our appreciation to all our friends and neighbors for helping while Gordon was hospitalized, for taking our crop off — our most sincere gratitude. A special thanks for the cards, gifts and visits — these kindnesses have meant much to us.
—Gordon and Betty Petronch and family, Champion. 9-1x

I'd like to thank all my friends and neighbors who were so kind to me during my lengthy stay in the hospital. Your cards, gifts and visits were deeply appreciated. Many thanks!
—Carol Vooy, Milo. 9-1p

Letters to the Editor

Sept. 26th
To the Editor of The Advocate,

Dear Sir:
As librarian I have talked to many people about the financial status of our library at the present time. A great majority of these are shocked to learn that the library will close if the town rate-payers do not vote to sponsor our cause. These people will vote for the by-law.

Other do not see why it should be the responsibility of town tax payers to finance this project. Perhaps they are right, but it seems to me, the library adds something important to our town which helps bring folks from other communities here. They don't just get their books and return home; they spend money in our stores. Maybe they spend the money first and the books are secondary, but if it weren't for the books they would buy their groceries, etc. someplace else.

The organizations which at the present time support our work can continue to do so. There will still be a representative board to plan and oversee the running of the library.

Surely Vulcan, the County seat, the health centre, the shopping centre of this rich district can help to keep our library in operation. Remember, without these community people we wouldn't have a town.

Librarian and Tax-payer.
Ida M. Henry,

BRANT

HOME & SCHOOL ASSOCIATION

The first Home and School Association meeting for the 1962-63 school year was held in the Brant school on Wednesday, Sept. 12.

Mrs. Phyllis Hunter announced the following appointments for special committees: Mrs. Charlotte Green, publications; Mrs. Marie Gallagher, membership; Mrs. Louise Gingras, social; Mrs. Nell Stotts, publicity.

A letter of congratulations is to be sent to Blaine Knapp who received an Honor Certificate for Grade IX.

Next month's program will be held Oct. 3. It will be an outline of the new arithmetic course being taught this year. The teachers will be in charge and it is hoped that those parents interested in curriculum changes will attend.

The program for the evening was a "get acquainted" affair with tape recordings of members present. It was also a pleasure to welcome Mr. and Mrs. Chandler to the community. Mr. Chandler has joined the Brant teaching staff and comes to the district from Nova Scotia.

Coffee and lunch was served by Mrs. V. McNiven and Mrs. Be Fletcher.

U.C.W. Meeting

At a recent meeting of the U.C.W. a letter was read from the Women's International Council, Toronto, acknowledging \$28.60 received from the Vulcan Women's Day of Prayer. A copy of this letter will soon be sent to each church participating.

The September monthly meeting was attended by the officers and a representative member from each group. The business was quickly dealt with and followed by an informative discussion on Bible study. A number of visitors were welcomed and invited to become members.

The next meeting will be held on Wednesday, Oct. 10, at 8:00 p.m., in the church.

YOU HAVE A HAND IN THINGS CANADIAN

when you own Life Insurance

Surprising? Yes—but true. Like most people, you have probably thought of your life insurance—as protection for your family—as a good way to save money regularly—as a valuable collateral if you need a loan for an emergency—as a retirement plan for you later on.

Actually, your life insurance dollars are more than an investment in your personal security and your family's. These dollars are also an investment in Canada. They stimulate growth and progress and help make this country a better place in which to live and work.

At this moment, 9 BILLION DOLLARS of life insurance savings are invested in

important Canadian enterprises—through the purchase of bonds and stocks and through mortgages.

These hard-working dollars are helping to finance great projects all over this country such as pipelines, shopping centres, bridges and highways, homes, apartment and office buildings, schools, factories, industrial plants and power developments. These investments create employment opportunities, too.

The income from these investments benefits you directly by reducing the cost of life insurance to you and the 9 million other Canadian policyowners.

THE LIFE INSURANCE COMPANIES IN CANADA

Britain's most powerful long-range jet airliner, the rear-engine Vickers VC 10, takes to the air for the first time as it starts its maiden flight from Weybridge, in Surrey, England, piloted by British Aircraft Corporation's chief test pilot, G. R. Bryce.

After the 19-minute flight, Mr. Bryce said that the aircraft became airborne before the calculated run distance of 740 yards had been covered.

The VC 10 is nearly 151 feet long, with a wing span of more than 140 feet, and has room for up to 161

passengers. Its four Rolls-Royce Conway by-pass turbo-jets, mounted in pairs on either side of the tail, are the most powerful civil jet engines in the world, each giving 20,370 lb. thrust for take-off.

Champion

A Turkey Supper sponsored by the L.D.S. Church will be held in Champion, Saturday, Oct. 20, in the Community Hall basement.

Mr. and Mrs. Adam Ferguson will be moving into their home in Champion shortly. They have purchased the house formerly occupied by Mr. and Mrs. Ernie White.

Friends will be sorry to hear that Pete Olsen recently suffered a very serious and painful accident when his leg was caught in a power take-off. He is presently in the Municipal Hospital at Lethbridge, and will be under treatment for some time.

Lynn Rhodes, daughter of Mr. and Mrs. Walter Rhodes has accepted a position with the Lethbridge Herald and commenced her duties on Wednesday of last week.

J. W. McKie of Calgary was a business visitor in town one day last week.

Friends will be sorry to hear of the death of Dave (Slim) Elliott, a former resident of Champion. Mr. and Mrs. A. L. Siler received the news this week from Mrs. R. Watson. Mr. Elliott passed away very suddenly on Saturday, Sept. 8, of a heart attack. Services were held at Acton, Ont., on Sept. 11. Burial was at Evergreen Cemetery, Milton, Ont.

Among those leaving for university in Edmonton on Sunday were Lorraine Nowlin, Marion Hames, Sandra Jordan and Carla Lever.

Mrs. Dean left for Calgary on Sunday en route to her home in Penticton, B.C., after visiting her son-in-law and daughter, Mr. and Mrs. S. L. Jones for two weeks.

Mr. and Mrs. Herbert Tindall and Miss Joyce Tindall are visiting relatives in the district.

Mrs. Allie Howerton attended the Calgary Cat Club Show on Friday and Saturday of last week. Her Siamese Sealpoint Saffyre (Blossom) was given 379 $\frac{1}{2}$ points out of a possible 400.

Mr. and Mrs. Geo. Sandberg were Sunday visitors at Nanton with Mr. and Mrs. Dave Anderson and with Mr. and Mrs. O. Berg. Mr. and Mrs. Norman Whitehead and boys were dinner guests Sunday at the home of Mr. and Mrs. Laverne Herriman of Blackie.

Mr. and Mrs. Clarence Brown, Larry and David and Mr. and Mrs. Gerald Boomer took a drive through the foothills on Sunday.

Friends of Mrs. Ross Clark will be sorry to hear she had the misfortune to break a bone in her hip and is a patient in the local hospital.

FAMILY DINNER

A family dinner was enjoyed Sunday at the home of Mr. and Mrs. Bob Hutton, the occasion being a send-off for the Glen Cam-

poons who are leaving for Prince George, B.C., where they will make their home. They left for Prince George on Wednesday.

Those present were Mr. and Mrs. Bob Hutton and girls, Bob Allen, Mr. and Mrs. Glen Cahoon and family, Mr. and Mrs. Geo. Dingwall and family, Mr. and Mrs. Alan Wyllie and family, Mrs. Robina Hutton, Geo. Mottet, all of Vulcan and Jim Hutton and Maralyn Benson of Nanton.

Cars which make fewer stops can expect greater economy. "Stop and go" driving in cold weather greatly reduces gasoline mileage. According to General Motors engineers, best cold weather economy is obtained after about eight miles—or 20 minutes—of driving.

LOMOND

Congratulations are extended to Mr. and Mrs. Allan Nielson of Edmonton on the birth of a son, Monday, Sept. 17. Name: David Keith. Weight: 6 lbs., 15 oz. Also congratulations to the happy grandparents, Mr. and Mrs. Axel Nielson.

Mr. and Mrs. L. Chase and son Terry, accompanied by Mrs. Marie Zambaldi and Mr. and Mrs. Bobbie Nimz and daughter Holly, were visitors in Lethbridge on Saturday of last week.

Mr. and Mrs. Harold Magnuson and Mr. and Mrs. Ingvald Magnuson were in Bow Island, Sept. 14, to attend the wedding of Norma's sister, Lois, to Norman Carlson. Mr. and Mrs. Pete Ruppert and family were Sunday visitors to St. George's Island at Calgary.

Mr. and Mrs. L. Chase and Terry were Sunday visitors at the home of Mr. and Mrs. Ralph Richardson and family at Berrywater. The Lomond Boy Scout meetings resume this Friday evening at 7:30 p.m. in the Scout Hall.

Thanksgiving services were held at the Lomond Anglican Church on Sunday morning, Sept. 23. Following the church service, Rev. McCintock presented ten of the Sunday School members with perfect attendance awards, one of which was an engraved Bible, donated annually by Mrs. Alec Fraser.

Mr. and Mrs. Bobbie Nimz and daughter Holly spent part of last week visiting at the home of the latter's parents, Mr. and Mrs. L.

Chase and Terry. They will soon be leaving for Red Deer where they will make their new home.

Quite a number of Lomond residents were in Lethbridge last week to attend the races. A couple of the lucky ones were Fred Walker and son Ron. Fred won the quinella and Ron the daily double on Wednesday of last week. The other chap who went down with them wasn't so fortunate.

Mr. and Mrs. Joe Chollack of Lethbridge were Sunday visitors at the home of Mrs. Marie Zambaldi.

BETHANY L.C.W. MEETING

The September meeting was held at the home of Mrs. Paul Ost, Sr., with 14 members and one visitor present. Pastor Berg led the Bible study with the lesson taken from John 14, 15 and 16, entitled, "Think About Light."

The usual reports were read. There was no correspondence and the business was very short. Members discussed a bazaar to be held later on in the fall. Mrs. Phyllis Huff gave an interesting reading on "Higher Education." One member donated her pennies for each year of life to the birthday-box and was rewarded with the song, "Happy Birthday," sung by the rest of the members.

The meeting was adjourned with "The Lord's Prayer," repeated in unison. The next meeting will be held at the home of Mrs. O. G. Sande and members are reminded that the roll call is to be answered with an article for the coming bazaar. While the lunch was being prepared, the donations for "sale of the month" were displayed, consisting of candies, jellies and pickles which were all home-made. All were disposed of as usual and the money added to the working fund.

A very lovely lunch was then served by the hostess and her assistants to bring the meeting to a close.

GO CHEVROLET '63-IT'S EXCITING!

Chevrolet Impala Sport Sedan

From the trim new front end to the stylish new rear deck, Chevrolet for '63 has the looks of the leader. Lines are crisp and clean — interiors are lovely and luxurious — the ride is Jet-smooth and silent.

Bold, brilliant engineering of the '63 Chevrolet brings you such under-the-skin improvements as self-adjusting brakes, impact-resisting safety door latches, battery-saving Delcotron generator, extended-life exhaust system, 6 months or 6,000 mile lubrication interval and

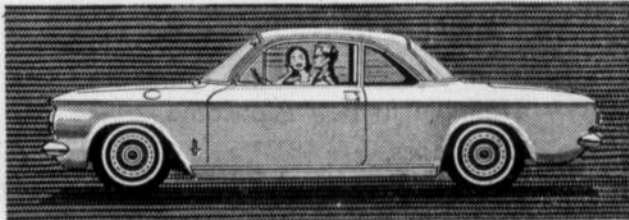

Chevy II Nova 400 Sedan

Chevy II made a name for itself in just one year. And this year it's even better, for the '63 Chevy II combines the easy-care features of the big Chevrolet plus its own advantages — park-anywhere size, full-family room, pep and economy and a full complement of optional power assists. See the new Chevy II — it's exciting.

White-wall tires optional at extra cost.

Air-Washed rocker panels and front fender liners to reduce corrosion. But hold on, there's more. There's a brand new smooth-as-silk standard Six, and livelier-than-ever V8 engines in a choice of 13 models, plus a list of options and convenience equipment as long as your arm.

It's going to be a great year for Chevrolet — your year to go Chevrolet '63 — it's exciting!

Corvair Monza Club Coupe

Bright new accents, colors and interiors highlight Corvair's distinctive-as-ever styling for '63. Self-adjusting brakes, improved front suspension and extended-life exhaust system add to Corvair's already impressive list of automotive achievements. For the sheer fun of it, test drive a '63 Corvair. It's exciting!

Brief Items of Local Interest

1962 Graduation

(Continued From Front Page)

warped ideas on the concept of education," said the speaker.

Education is the key to a full life, claimed the superintendent and he emphasized the care that should be exercised in choosing a career. Enjoyment must be found in the work being done. Many people have no choice through circumstances in the line of work they follow, but this is not the case here where there is unlimited variety in career planning.

A most necessary requisite to a good life is to have a happy marriage relationship and Mr. Hawkesworth advised students to "look the landscape over well" and applied his humor equally in the case of girls and boys.

Students should be indebted for their educational opportunities to their parents, citizens in the area who make the school possible and to their teachers who dedicate themselves to the cultivation of their minds and bodies.

Religion plays an important part in the leading of a good life and people must have religious values and moral standards to help in the guarding of their freedoms. The speaker said the world has such a knowledge of things as have failed to bring peace. Peace and world freedom are impossible without the inclusion of religion.

Mr. and Mrs. Dick Coldwell and three children of Strathmore and Mr. and Mrs. Russ Taggart and children of Nanton were weekend guests at the home of Mr. and Mrs. V. Ostergaard.

Friends of Jerrie Boutland, who has been taking her nurses' aid training at the Bassano Hospital, will be interested to learn she has been transferred to the Cardston Municipal Hospital to continue her studies.

Mr. and Mrs. Bill Choma and small son of Calgary were weekend guests at the home of Mr. and Mrs. Bill McMullen.

Sunday dinner guests at the home of Mr. and Mrs. Alvin Jacobson were Mrs. Helen Rose, Mrs. Doug Clency and family, Mr. and Mrs. Lloyd Wenger and family, Mr. and Mrs. Arthur Southgate and Mr. and Mrs. Eddie Wright, all of Calgary; Mr. and Mrs. Earl Brinton of Champion; Mrs. Lillian Brinton and Chuck and Gordon Urquhart of Vulcan, and Ross Wenger of Calgary.

OPEN HOUSE
